ERRATUM

The sentence in Edward Rosen's article, "Kepler's Early Writings" (*JHI* 46 [1985], 452, last par., lines 2-4):

> This Greek treatise in thirteen Books was later condensed in an untitled influential Latin manuscript, in some copies called *Almagesti minoris libri VI* (Abbreviated Almagest in Six Books).

should be corrected as follows:

> The first six Books of this Greek treatise were later condensed in an influential Latin manuscript, in some copies called *Almagesti minoris libri VI* (Six Books of the Abbreviated Almagest).
